Re: **Price Increase Effective April, 1st 2024**

On **4/1/2024**, pricing for Galvanized and Pre-Painted and Copper products will **increase 5%**. Hand Soldered Flat products will increase 8%. Quantity discounts and pre-paid shipping for 144 or more products will remain unchanged at this time. All orders received by 3/31/2024, will be billed at our CURRENT price list from 04/01/2023.

We introduced the Colored Olson Tops in January 2013. Matte Black, Mansard Brown and Medium Bronze were added to our Slate Gray Olson Top. These new colors match our painted bases, which have become the standard in the Upper Midwest in the last 20 years. The Olson Top is PVC and solvent bonds, for a permanent seal, to the plastic pipe. We have sold the Gray Olson Top since 1975.
